New Municipal Hospital Scheme Topic at Meeting M.D. of Bigstone Council

Decided to Grant \$800 in Event Proposition is Carried, Otherwise Grant of \$1500 Will Be Made to Wetaskiwin Hospital—Grants From Dept. of Public Works This Year Total \$4965.60 and are Allocated to Divisions

The Council meeting of the M.D. of Bigstone 459, was held May 13th at Lone Ridge, with H. Arnold, H. G. Krause, C. J. Hanson, G. Hellmers, M. H. Unland and John Hanson in attendance.

The minutes of the April meeting were read. On a motion by Coun. G. Hellmers, the minutes were adopted as read.

The Engineer and Graderman interviewed the Council in regard to the Ford car being used by the crews in connection with Municipal work, and requesting that the Council take over ownership of this car for the price of the license and repairs, viz., \$89.20.

Motion by the Reeve that the Council buy this car for use in taking

crews to and from work and that the price shall be as above mentioned. Carried.

Motion by Councilman M. H. Unland that Councilors be allowed to order gasoline from any company they wish while greater output is working in their division. Carried.

Messrs. Russell, Howatt, Montgomery and Sparks were present representing the new Municipal Hospital scheme. Mr. Russell addressed the meeting explaining the scheme and requesting that the Council endorse the same to the extent of signing the resolution and the petition to the Minister of Health that such a Hospital District be formed. The secretary then read the resolution and petition as presented by Mr. Howatt. On taking the vote the resolution carried and the Reeve and Secretary were instructed to sign same on behalf of the Council.

ABOUT SEVENTY LADIES SHOWERED BRIDE-TO-BE IN DRIARD RECEPTION ROOM

One of the prettiest social events of the season was held in the Reception Room of the Driard Hotel on Friday night, May 17th, when about seventy ladies met to honor Miss Gladys Compton and shower her with good wishes and gifts prior to her marriage with Mr. Charles S. Payne of The Wetaskiwin Times staff.

Bridge was indulged in during the earlier part of the evening, honoring going to Miss Compton and Mrs. W. Gable, after which a dainty lunch was served. Mrs. P. C. Wade poured the coffee and Mrs. H. C. R. Walker cut the tea at a daintily appointed table centered with a miniature bride in full bridal attire, with tall silver candelsticks at the corners containing candles in "pastel shades."

After lunch the tables were cleared away and the strains of the "Wedding March" played by Mrs. A. Knox, the bride was escorted to a pink and white bower arranged at one end of the reception room, where she was seated in a chair draped in rose and trimmed with blossoms and was invited to investigate the contents of a mysterious, flower bedecked basket, which proved to be gifts of linen, silver, cutglass, china, pictures, etc. for her new home. The spring poems for her new home. The spring poems for her new home. The spring poems for her new home.

Miss Compton gracefully thanked her friends for their evidences of friendship and goodwill and all joined hands and sang "For She's a Jolly Good Fellow," bringing a very enjoyable evening to a close.

The two hostesses responsible for the gathering were: Mrs. R. J. White, Mrs. H. A. Inglis, Mrs. E. Barnett, Mrs. W. E. Bridgeman, Mrs. H. R. French, Mrs. H. C. R. Walker, Mrs. W. G. Dietz, Mrs. J. E. Burkholder, Mrs. J. J. Foster, Mrs. J. C. B. Williamson, Mrs. Alex. Knox and Miss Elsie B. Redden.

Weddings

HASELWOOD-STRACH

A very pretty wedding was solemnized at the home of Mr. and Mrs. A. W. Haselwood of Bitter Lake, on Saturday, May 18th, when their son, Alfred Robinson Haselwood, was united in marriage to Jutta Strach, by Rev. F. S. McCall, D.D., Principal of Alberta College, Edmonton. The ceremony was performed in the presence of relatives and a few intimate friends. The bride looked very charming in a dress of white crepe satin and rayon lace, and wore an emerald and white veil. Mrs. Garfield Baker, sister of the groom, played the Bridal March as the bride and groom entered the room, and after the ceremony, Miss Field sang a delightful solo, "When Song is Sweet." During the signing of the register, Mrs. Baker played Mendelssohn's Wedding March. The guests then motored to the home of the bridegroom, where a sumptuous wedding breakfast was served. The health of the bride was proposed in a felicitous speech by Dr. McCall, and a photograph of the wedding guests was afterwards taken by Mr. Carl Walin of Wetaskiwin.

SAUER-WALKER

A quiet wedding took place at the Presbyterian Manse, Edmonton, on Saturday, when Ethel Lillian Walker of Wetaskiwin, was united in marriage to Augie Penderon Sauer of Calgary. The young couple will make their home in Calgary and the best wishes and congratulations of the community go with them.

THE MOTION CARRIED

Messrs. Wm. Doering and Ed. Strohschein applied to the Council to have the old road through 11-46-25-4 closed. Motion by Councilman H. G. Krause that the matter be left for consideration at the meeting in July. Carried.

The Secretary read the application of Mr. Erik Friis-Hansen to have Municipal approval lease of road allowance between Sections 14 and 15 in Twp. 47, Rge. 27-4. On motion of Councilman Hellmers this application was ordered approved.

Councilman John Hanson asked the Council's wishes in regard to the S.W. 22-46-27-4. Motion by the Reeve that the Secretary notify the present occupant that he must pay the balance of 1927 taxes and the balance owing on 1928 agreement before the end of present month. Carried.

Motion by Councilman Hellmers that the salary of the Assessor be set at \$800 for the job. Amendment that the salary be \$850, moved by Councilman H. G. Krause. On taking the vote the amendment carried.

Motion by Councilman C. J. Hanson that the assessor be allowed to draw \$150 per month for four months while engaged at the work, and that the balance be held until all the appeals are heard. Carried.

The Reeve then called for applications for the position of Assessor. Applications were received from the following: Messrs. E. B. Hoskins, E. N. Rattray and Jas. Winter. Motion by Councilman Krause that E. N. Rattray be appointed as Assessor. Amendment by the Reeve that E. B. Hoskins be appointed. On taking the vote the motion was carried. Mr. Rattray being appointed.

Bills and paychecks were then passed for payment.

This meeting was then adjourned by the Reeve.

Adventure, excitement, thrills and romance in the new serial, "The Tiger Trail," commencing in The Times next week.

WETASKIWIN GRADUATES AT LAST WEEK'S CONVOCATION

Among the graduating class of nurses from the University hospital, who received their diplomas at the University Convocation on Wednesday last, were Miss Marie Ellis and Miss Evelyn Johnson of Wetaskiwin, and Miss Joan Monizles, now of Wetaskiwin hospital staff. Miss Marie Ellis, Miss Joan Monizles and Miss R. E. App were also successful in passing the recent examinations and obtaining their R.N. All the members of the graduating class of nurses from the University hospital who wrote on the recent examinations for R.N., were successful in passing.

Miss Helen Higgs, formerly of Wetaskiwin, obtained her B.A. Mr. R. Langston received his degree of Doctor of Medicine.

Town Topics

G. L. Owen left Monday night for Calgary on a business trip.

Mrs. C. N. Gunderson and son left this week for a visit with relatives at Waterville, Que.

Opening instalment in The Times next week of the new serial, "The Tiger Trail."

Friday of this week is Victoria Day. All the business places in Wetaskiwin will be closed and the Post Office will observe the holiday hours.

Mr. J. W. Souda returned home a few days ago from the hospital in Edmonton, and her many friends are glad to know she is convalescing nicely.

Gordon Fraser left on Wednesday for Toronto to make an extended stay at his uncle's home in the Queen City. He hopes to gain Eastern experience and to take up a line of study while there.

A provisions store of light infantry is being conducted for six weeks at Wetaskiwin by Captain R. L. Mitchell, P.C.C.I.L., according to headquarters issued at M.D. 13 headquarters. Captain Mitchell opened the shop Monday.

Rev. A. L. Elliot went to Calgary Monday morning to attend the annual meeting of the Alberta Presbytery. Mrs. Elliott and family accompanied him as far as Calgary and will go on to Victoria to visit relatives and friends. Mr. Elliott expects to return home on Friday.

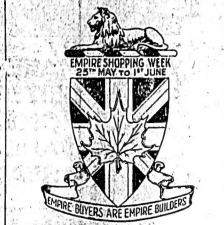

Mr. and Mrs. John Guest of Winnipeg, spent the weekend visiting at the home of Mr. and Mrs. James Vickers. Mr. Guest is Department Manager of T. Eaton Company, Winnipeg, and is making a business trip visiting the Eaton stores throughout the west.

Dr. N. A. Johnson was taken to the Royal Alexandra hospital in Edmonton a few days ago, where it was found he was in a very serious condition. He is apparently suffering from a growth in the stomach, which may require a very critical operation, but before this can be done his physical strength must be built up. He was given a blood transfusion last week.

The brigade was called out Friday evening to a fire which completely destroyed the garage of Mrs. Lykken in the eastern part of the city. Part of a tank of gasoline was in the building and the fire was very spectacular while it lasted. A new car was removed from the garage uninjured. Cause of the fire is unknown, and the loss is estimated at \$200 with no insurance.

A very enjoyable time was spent at the home of C. Ballhorn of the Cherry Grove district on Sunday, May 19th, the occasion being the celebration of his eighty-first birthday. Mr. Ballhorn is an old-timer here, having resided in the district for nineteen years. Among those present were Mr. Ballhorn's five children, namely, Mrs. C. Krutzfeldt, Mrs. E. Recknagel, Roy, Richard and Frank Ballhorn, with their families, and several friends were also present. Mr. Ballhorn was the recipient of numerous gifts.

Mr. and Mrs. E. B. Sears of Damsel district received a very pleasant surprise this week when their former neighbors and friends, Charles Dawson and son, Grant Dawson, and the former's son-in-law, David Hockberger of Sumner, Iowa, dropped in on them. The party are on a motoring trip from Sumner to the Peace River district, and Mr. Dawson, in conversation with The Times representative, expressed his great surprise at the wonderful country he passed through in Western Canada. He was amazed to see the general favorable conditions and the crop prospects in this part of the country, and says his neighbors will not believe his reports of actual conditions as he sees them, on his return home. He found the roads in good condition, and one day the party traveled over four hundred miles. The party left Wednesday morning to continue their trip to the north country and Mr. Sears is accompanying them.

HAVE OUR GOODS THE QUALITY?

"As to the quality of Canadian goods there can be no doubt. One commercial organization employing 40,000 people, with ramifications throughout the country, states that 80 per cent of their annual turnover is of Canadian goods, not purchased from necessity, but from choice. A great shipping organization, recognized as one of the most efficient and most economically managed in the world, has the very definite policy, arrived at after mature deliberation, of purchasing only Canadian goods, when and where it is possible to obtain them. And millions of good standard goods are readily following that lead."

"Goods from other British countries are also known as world leaders wherever they are sold."

"Producing goods and moving goods, buying goods and selling goods, these are the ways most men have of earning a livelihood. The more we buy and the more we sell, the more prosperous we are."

"If the goods we grow, mine or make in Canada cannot be sold to the people of Canada, principally, and other countries as well, we shall not be able to make a living here. If we do not buy the things that are made in the Empire countries, it will reduce their production at home."

"Trade is simply the process of making a living, and this is a man's first duty, to make a living for himself. To make a living for himself, for those dependent on him is the most honorable thing a man can do. And it was that kind of a man, the man who was anxious to make and grow and sell more goods, and thus improve the way of living, who braved dangers and hardships and little known lands to the more 'material' and more 'concrete' things that he could grow or make."

"If we want Canada and the Empire to prosper we should buy all we can from their producers. If we buy from them they will buy from us, and the whole Empire will be kept busy. And that is all trade is, business. It is of real advantage that we should buy home goods first for the stronger we make Canada as an economy, the stronger link she is in the chain of Empire."

Deep in our hearts, though perhaps seldom discussed, is that inborn sense of worth that belongs, of right, to people of British birth and heritage. It comes to us without our volition— but by its value imposes on our will the responsibility of carrying on in the same spirit. All Canadians are British in that wide sense of forming part of the Empire. We have that sense of worth by reason of the blood of our British or Canadian forefathers, who had this stuff in them that makes sturdy citizens, pioneers, explorers, scientists, schoolmasters, poets, authors, musicians, statesmen, heroes, ministers, missionaries, noble women and martyrs. We all share that great blood strain. We all share in the civilization that produced these men and women.

What is civilization but a background of great souls? We aim not at money, not at power, not at any mundane thing for itself alone, but at character—the rest follows. We want to perpetuate the best in that British civilization and to carry it on to a still greater and better development, to find its finest flowering in Canada, in geography the centre of the Empire, in influence what Canadians can make her to the Empire of the future.

In a proof that we really are in this great background—'at once British and Canadian—each one of us can think of the many people in Canada carrying on with great devotion to their duty and to the Empire in all its phases. These are the motives that prompt us to say that Empire Builders are Empire Builders. Let us all do the duty closest at hand and support Empire Shopping Week in Canada, May 25th to June 1st.

Husband: "I say, Alice—do you know where my shaving brush is?" Wife: "Oh, my dear—In, sorry, I used it yesterday to enamel over the bath. You'll find it in a jam pot of turpentine down in the scullery!"

"The Tiger Trail" new serial starts in The Times next week.

LOCAL BOY MAKES GOOD SHOWING AT FESTIVAL

Alexander Lasell, twelve-year-old violinist of Wetaskiwin, played in the Junior violin contest last week at the Alberta Musical Festival in Edmonton.

Only eight marks separated him from the winner, who has won three medals in succession, leading all of Canada, also having won a special medal for children under 17 years. Alexander shows ability by the fact that he made 1st class in the elementary London Conservatory examination last spring, covering the two years' work in less than six months. He has only been with the violin 18 months. Talent like this, under the able direction of Mr. Van Stockum, is bound to bring results, and all his pals and friends wish him success.

Town Topics

Mrs. H. G. Finch left on Wednesday for two weeks' visit with her parents at Vilna, Alberta.

Mr. and Mrs. Sherbeck, Sr., left this week for Meenah, Wisconsin, where they will spend some time with relatives and friends.

Adventure, excitement, thrills and romance in the new serial, "The Tiger Trail," commencing in The Times next week.

Mrs. Nellie Allen of Brightview, was able to be taken to her home after a week's treatment at the University hospital, Edmonton, being much improved in health.

Wetaskiwin Lodge No. 91 B.P.O.E., will hold a banquet Tuesday evening, June 4th, when their new hall after a week's treatment at the University hospital, Edmonton, being much improved in health.

The many friends of Mrs. H. J. Montgomery are glad to know that she is getting along nicely after her recent illness and operation. She was taken from the hospital to her home Wednesday afternoon.

The many friends of Mrs. P. J. Blundell are glad to know that she is recovering nicely from the burning accident of some weeks ago. She left home last week and is now at the home of her mother, Mrs. D. McCreesh.

Wednesday, June 5th, will be the first day on which the Wednesday closing by-law of the city becomes effective this year. The by-law provides that the places of business shall be closed Wednesday afternoons during the months of June, July and August.

The weekly crop report of the Alberta Pacific Grain Co., Ltd., issued on May 21st, states that along the C.P.R. Calgary to Wetaskiwin, 95 per cent wheat seeded, 75 per cent coarse grains. Heavy rain and snow early part of week practically stopped all seeding operations. With four or five days of fine weather seeding in all branches will be finished. Plenty of moisture in ground for present needs and conditions most favorable, but warm weather needed to promote early growth.

Members of the Lutheran congregation at Brightview, Peace Hill and Wetaskiwin, and their respective pastors, visited Edmonton on Monday in connection with the "College Day" held by the Missouri Lutheran Concordia College. The celebration was opened with Divine service, during which Rev. A. Behrendt of Brundage and Rev. Ostermann of Blueberry, delivered appropriate sermons. The afternoon was given over to baseball games and the visitors, and to ball and basketball games between various humorous and athletic contests. Many of the visitors stayed for the entertainment staged in the Ukrainian hall in the evening. One of the sporting events of the afternoon was a tug-of-war, in which the Nisku team remained victors over teams representing Edmonton, Stony Plain, Bruderheim and Spruce Grove. Wetaskiwin district was not represented, but we hope next year to take a strong team to Edmonton and bring home the championship.

TAKE UP OPERATIONS AT PIGEON LAKE WELL

The Pigeon Lake well, where work was discontinued at a depth of 500 feet, is being deepened by the Globe Drilling Company of Wetaskiwin. Drilling was discontinued five years ago owing to the difficulty.

A slight gas flow is reported to be coming from the well, gas being of common occurrence in deep water wells in the district. The well is situated 23 miles west of Brightview and the company has 5000 acres under lease in that vicinity.

The Globe Drilling Company has its head office in Ontario, and C. O. Cunningham of that city is managing director, with S. H. Smith of Edmonton, as secretary.

Hard at the dance: "The clothes of that flapper remind me of a Christmas turkey." "How so?" "More white meat, than dressing."

FORMER WETASKIWINITE CELEBRATES BIRTHDAY

A pleasant surprise party took place at the home of Mrs. Lou Hanna on Monday afternoon of last week, giving honor to her mother, Mrs. Ronn of Calgary, who celebrated the diamond anniversary of her birthday. Numerous beautiful gifts were presented by Mrs. G. Carlson in a humorous speech. The table was a very attractively centred with a bouquet of American Beauty roses, the gift of her children, and also three tier birthday cake. A very dainty lunch was served by her daughters, Mrs. Lancaster, Mrs. Miller, Mrs. Johnson, Miss Ronn and Mrs. Hanna. A speech was given by Rev. Miller, and musical numbers were rendered by Mrs. Carlson and Mrs. Walin. Mrs. Ronn is an old timer in Wetaskiwin, having come here in 1895, and she with her family homesteaded in the Ledue district about thirty-five years ago.

About seventy-five guests were in attendance, and among those coming from a distance were, her daughters and sons, Will and John of Calgary, Mrs. Erickson, of Anaotoc, Wash., and several families from the Ledue district.

KIWANIS CLUB TAKES TRIP THROUGH EUROPE

The Tuesday evening's luncheon of the Wetaskiwin Kiwanis Club was very interesting, educative and enlightening, as W. W. Sharp, Past President of the Stettler Rotary Club, who attended the International Convention at Ostad, a couple of years ago, gave an illustrative talk on his trip through Europe. He has especially the collection of pictures which he took in Belgium, Holland, France, Switzerland, Italy, the British Isles and eastern Canada, and his talk was very entertaining. There was a large attendance of members, lady friends and visitors.

The debating team of the Wetaskiwin High School, composed of Arthur Brickman, Myrtle Owen and Norma Baker, who won the Kiwanis trophy recently, were present as guests of the Club and during the course of the evening they were presented with the coveted trophy, which will be in their possession for a year, as well as individual medals. Roger Paton, who won the trip to the Scout Jamboree in the Old Country this summer, was also present and was introduced to the Club.

GLOBE OIL WELL DERRICK ABLAZE; NEAR TRAGEDY

With a party of visitors present inspecting the derrick and a demonstration being given by the officials of the Globe Oil company in the Pigeon Lake district, a near tragedy was only averted after some frantic work by the men present, when the derrick caught fire Sunday afternoon. Gas was let out of the pipe and lighted. The official in charge turned the gas on a little too strongly and flames leaped fifteen feet into the air.

According to officials of the company the gas pressure is increasing and there is every indication that oil will be reached soon.—Journal.

IRVINE AND GARLAND WILL SPEAK AT U.F.A. CONVENTION

Wm. Irvine, M.P., E. J. Garland, M.P. and other speakers will give addresses at the annual convention of Wetaskiwin U.F.A. Federal Constituency Association, to be held in Lacombe on June 30th and 21st. According to a notice which is being sent out by Mrs. E. E. Sparks, secretary, a banquet is being arranged, and a visit to the Dominion Experimental Farm on Friday afternoon has been suggested. The basis of representation is one delegate for every ten members. The dues are 50c per member, and may be forwarded to Central Office or paid by the delegates at the Convention.—The U.F.A.

SPECIAL RATE ON COAL WILL CONTINUE 1930

Edmonton, May 15.—Coal from Alberta mines will move to Ontario at the special freight rate for the same period in 1930 as this year. A. Chard, freight traffic supervisor for the province, has received notice from the Canada railway board of an order setting January 15 to July 15 as the coal movement season for next year, thus continuing the present arrangement for one year more.

A slight change has been made in arrangements for the basketball feast at the park here tomorrow afternoon in connection with the local Juvenile and Midgort Track and Field Championships, for boys and girls under 14 and under 12, being staged by the Wetaskiwin Sports Association and the Ladies' Amateur Athletic Club of Wetaskiwin. Instead of a picked team coming from Edmonton to oppose the Eskimo Girls, also of that city, provincial champions, none other than the famous J. Percy Page's Commercial Gradettes will take the field against the winners of the Alberta title. These same Gradettes were champions of the province last year, and it was only after a hectic series in which the Eskimos grabbed the odd game in five that the Commercialists were chased from the provincial championship race last winter. The local committee in the first place endeavored to get the Gradettes here intact and the spectators will get many a real thrill. Unfortunately the Gwynne girls find it impossible to field a team for the curtain-raiser, and two local aggregations will supply the opening competition. An added attraction will be a baseball game (not softball) between two teams of Edmonton girls, selected from the Eskimo Girls and Gradettes.

The program will commence sharp at 1:30, with track and field events. Charlie McMurdo will be clerk of the course, and that is assurance that everything will be run off in splendid fashion. Several members of the Ladies' Amateur Athletic Club will be among the officials for the day. For each class, boys and girls under 14 and under 12, the events will be the 50-yard run, 100-yard run, 440 yards, running broad jump, running high jump and fifty yards (4 to team, 110 yards each). Beautiful certificates will be presented to those finishing first, second and third in each event. The visiting girls from Edmonton will be the guests of the Ladies' Amateur Athletic Club, and are coming down early in the day. The ladies are providing a banquet at the Driard in the early evening in honor of their guests, and the girls coming they will be the guests of Elks Limited, at the dance in the Elks' hall.

The officials for the day are: Official Referee—Mayor Montgomery. Clerk of the Course—Chas. D. McMurdo.

Announcer—Geo. Thompson. Starter—H. R. French. Inspectors—J. F. Richards, G. L. Gotthard, Mrs. Schrom, Chappell. Judges at Finish—J. S. Thomson, R. J. Grant, Rev. P. C. Wade, A. P. Moen. Time-keeper—M. Snyder.

Field Judges—H. C. Cooke, Mrs. H. E. Chalmers, Mrs. J. A. Rodell, C. W. Taylor, C. Boyer, Geo. Gramham. Scorers—Mrs. C. B. McMurdo, Mrs. A. Knox.

Emergency Tent—Mrs. V. Dietz and Girl Guides (Mary Vanhusen and Rhoda Cooke). Entertainment Committee—Mrs. V. C. French and R. W. Manley. Inspector of Equipment—H. E. Chalmers. Assistant Clerk of Course—Geo. Heav.

Obituary

EVEN ANDERSON

Another of the earliest settlers of the Wetaskiwin district passed away on Sunday in the person of Even Anderson, at the age of eighty-four years. He had been in poor health for some time and was a patient in the Wetaskiwin hospital, where he passed away. He was born in Norway, and came to Wetaskiwin about thirty-five years ago and since that time has been a respected citizen of the district and city. His wife predeceased him many years ago, and he resided alone in the eastern part of the city. The only relative in America, so far as is known, is one son, residing in Washington.

The funeral took place on Tuesday afternoon, interment being in the Mill cemetery. The service was conducted by Rev. Asper.

"This poultry business isn't just what it's cracked up to be," said one local fellow to another at the dance. "How so?" the other one asked. "Well I took a little chicken from Brightview for a ride and when I began to talk turkey to her she flew the coop," he replied.

"The Tiger Trail" new serial starts in The Times next week.

Cook's Regulating Compound

A safe, reliable regulating medicine. Sold in three doses. No. 1, 50c; No. 2, 25c; No. 3, 10c per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (Formerly Widdows)

gressives five, independents two and Labor one.

For many weeks all parties have been actively engaged in selecting candidates for the forthcoming election, and to date 133 are in the field, 47 representing the Liberal party, 40 the Conservatives, 16 Progressives, five Independents, one Labor, two Farmers' party, and two Provincial Co-operatives. Premier Gardiner is leading the Liberals, and Dr. Anderson of Saskatoon, the Conservatives. Unless there are new features in Saskatchewan politics, it is likely that the present government will again be sustained.

GOOD WILL DAY

Goodwill Day, which was celebrated on Saturday, May 18th is the anniversary of the opening of the first Hague Peace Conference in 1889. This organization is doing a good work throughout the whole world and it has had the unanimous support of the Nations of the world, would bring about a world peace.

It is a voluntary association of Nations which subscribe to certain obligations set forth in the Covenant of the League.

The work of the League ranges from disarmament to drugs, from the abolition of war to the abolition of passports. It has already prevented wars, it administers neutral territories, it is working for the reduction of armaments, it protects minorities, it supervises mandatory territories and through its operations it has set several European countries financially on their feet. Its humanitarian activities are far-reaching, it co-operates with the various national and international organizations, such as the International Labor Office and the Red Cross, in its effort to stamp out plagues; it works to prevent the traffic of opium and narcotic drugs, the traffic of women and children; it has been the means of repatriating hundreds of thousands of refugees. It has scores of other activities functioning for the good of the human race.

Today 55 nations of the world are members of the League. The only considerable nations remaining out are Russia, Turkey, Mexico and the United States.

ADVERTISING SPACE COSTS

MONEY EVERY WEEK

Every line in a newspaper costs the proprietor something. If it is for the benefit of an individual or an organization it should be paid for. Nearly every week we are requested for a few lines of advertising of some event or other, and yet we are expected to pay our way for anything we attend or buy. If the grocer were asked to contribute groceries to one abundant able to pay for them, he would refuse. The same is true of a newspaper. It must pay for the free advertising if the beneficiary does not, and yet it is one of the hardest things to be learned by many that a newspaper has space in its columns to rent and must rent this space to live. To give away rent for anything less than living rates is as fatal to a newspaper as for a landlord to furnish rent free.—The Armstrong Advertiser.

ALBERTA MOTORISTS ENDORSE

PLAN OF TRACTOR PATROLS

Alberta is squarely in line for a tourist invasion on a record scale this season. Reports from the south, from the east and also the west confirm expectations of this being a period when motorists in ever increasing volume will penetrate the scenic regions of this province.

The Alberta Motor Association has, in season and out, stressed the primary value and vital need of first-class highways in this province. As pointed out by President A. B. Mackay on various occasions, attracting of tourists to Alberta means a whole lot to the farmers and will spread undreamed of benefits to business conditions in this province.

Motorists have, therefore, found considerable satisfaction in the announcement that the Provincial Government is adopting a new highway maintenance scheme this year. The towns which are working on a 50-50 basis with the government will have the advantage of a motor patrol, in that power driven equipment will be on the job daily scarifying and dragging, thus carrying out a "blading" service. Pieces of roadway will be scraped and graded, which will mean that gravelled highways will be kept in proper shape and form a delight

Troubled for Years With a Tickling In Her Throat

Mrs. Peter Johnson, Port Alberni, B.C., writes:—"I have been troubled for years with a tickling in my throat every time I would lie down, and at night I would cough so I could not sleep, and I could hardly do my work. I would cough until I would vomit. I heard of

Dr. Wood's Norway Pine Syrup

and after the first bottle I had no more cough, and now I am never without a bottle of "Dr. Wood's" in the house."
Price 35c a bottle; large family size 60c. at all druggists and dealers.
Put up only by The T. Milburn Co., Ltd., Toronto, Ont.

for the thousands of tourists who are planning to visit Alberta this year. Practically all of the towns on the main highway between Lethbridge and Edmonton will have the benefit of this "blading" service, while there will be only a nominal charge to cover the costs.

Boosters of oiled roads will also feel satisfaction over the announcement that the Government intends to continue its experiments on gravelled roads. While certain sections were subjected to initial tests last year, it is the intention to make further comparative examinations this season. When this is completed, it is believed that oiling will be launched on a fairly extensive scale in 1930. Under present plans, sections between Calgary and Bowness will be oiled, in addition to stretches of highway near Edmonton.—Good Roads Magazine.

A NEWSPAPER NOT ON SALE

One of the least-known of the daily papers, but one of the most important from the point of view of public welfare, is the London journal printed and edited in secret and entitled "Informations." This newspaper, which cannot be purchased by the public at any price, deals very fully with the activities of the underworld, and until a few years ago was known as the "Hue and Cry."

It is issued twice a day from Scotland Yard's own printing press to all senior police officers, superintendents in charge of every London police station, and to the more important stations in provincial towns. In London it is distributed by members of the flying squad mounted on fast motor cycles, and its rapid distribution is one of the most important factors in the arrest of many desperate criminals. The paper is well illustrated, and frequently contains the photographs of "wanted" men, stolen property and finger-prints.

Two Girls Live on Hot Water and Rice

Due to stomach trouble, Miss A. H. and sister lived on hot water and rice. Now they eat anything and feel fine, they say, since taking Adlerika. Even the FIRST spoonful of Adlerika relieves gas on the stomach and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adlerika will surprise you. Northern Drug Co.

GOOD TIMES

(By Walt Mason)

The times are good, statistics show; the banks are bulging out with coin; and people can afford to blow their heads for pie and tenderloin. The auto makers find it hard to meet demands for more and more; there is a car in every yard, and after two, and sometimes four. The factories of every kind are booming on, full speed ahead; the worker, with a tranquil mind, can always earn his daily bread. The hammer and the saw resound in every city in the land, and soon great buildings will be found, where now the humble shanties stand. The bankers and the men who know the inside facts concerning trade, all say our boom is bound to grow, prosperity has made the grade. Each

MAKE BETTER HOME MADE BREAD

day I read such hopeful tales, I feel it's good to be alive; before fair winds our good ship sails, and every delegate should thrive. But everywhere I go I meet and men who tell tales of woe; "It's hard to get enough to eat," they mutter, while the salt tears flow. I meet a farmer in the mart who tries to sell a load of hay; no chance for him today. Remarks the merchant in his store, "It's long since I have made a cent; my head is bowed, my heart is sore, I know not how I'll pay my rent." I meet a fellow out of work, who says he cannot shirk, he's training with the soup-house mob. But if we had the biggest boom that ever made a country jump, we still would hear dire tales of gloom, of things all headed for the dump.

READY FOR SCHOOL?

It may appear as if this article had been given, by mistake, a May date for publication instead of one in September. Just now, most people are likely thinking of the close of school, or promotions and summer vacations. It is, however, time for thought, particularly concerning the children who will be starting to attend school for the first time this autumn.

Whenever and wherever a group of children are examined upon entering school, quite a high percentage of them are found to require medical care. They are not ill, but they have what are generally called defects. These defects may be diseased teeth or tonsils, adenoids or some similar condition. Such defects do not make the child ill in the ordinary sense of the word. They are, however, a serious handicap to the child; they constitute an additional burden which drains the child's reserve. No parent would deliberately do anything to interfere with his child's physical or mental development, yet the parent who does not have his child's defects treated is not allowing the child a fair chance.

Now is the time to have the child who has not as yet attended school examined, and, if he is found to have defects, to have them treated. By having this done now, the child will have the summer in which to build up his health, so that he may start to school this fall properly prepared to

school this fall properly prepared to cure the greatest benefit from his school attendance.

We have stated that defects do not cause the child to be ill. This does not mean that defects are not a serious menace; they are. The damage done by defects is not, as a rule, soon until adult life. A large percentage of heart disease, of kidney disease and other diseases of middle life are due to neglect of diseased teeth, tonsils and other such parts where there is infection; that is, living germs.

The early proper treatment of defects is our chief hope of decreasing those diseases which now take a heavy toll at middle age.

Questions, concerning health, addressed to the Canadian Medical Association, 184 College street, Toronto, will be answered personally by correspondence.

BISCUITS FOR BYRD

It may be news to many of our readers to know that a large shipment of purely Canadian biscuits, and biscuits manufactured in Western Canada at that, was included in the huge quantity of provisions which Commander Richard E. Byrd took with him to the Antarctic to sustain life for the long period during which his party of intrepid explorers will be icebound in their little camp on the Great Barrier. The Western Canadian biscuit manufacturers to be honored with this order was The Paulin Chambers Co. Ltd., who have manufactured biscuits and confectionery in Western Canada for over 50 years, and who, today, are the largest manufacturers of biscuits and confectionery in Western Canada, and one of the largest in the Dominion. The biscuits for the Byrd Expedition were manufactured in Winnipeg, and of course, were very carefully packed and hermetically sealed in airtight containers, as the health and probably the very lives of the members of the Expedition depend on their supplies of food keeping in good condition indefinitely.

THE NATURAL FOOD

A Committee of the Scottish Board of Health has recently conducted a seven month feeding test of school children from 5 to 14 years of age. The children received little or no milk at home. At school one group was fed biscuits advertised as having all the food qualities of milk, one whole milk and another separated milk. The addition of milk to the diet was accompanied "by a rate of growth as indicated by an increase in both height and weight 24% greater than that in children not receiving the extra milk. This increase in rate of growth was accompanied by an improvement in the general condition of many of the children receiving milk. The separated milk was of great value in promoting growth. The biscuits produced results significantly worse in the five year and 13 year old children and no significant difference on growth of the 8 year olds."

Milk is our best protective food, we need it. Children cannot develop properly and grow well without it. What ever price is paid for it, milk is still the cheapest food for children, because it is the indispensable food for them, the one food they can thrive and grow strong on.

Between the snow-tipped Andes and the Sea

Mountain barrier to the East, the broad reaches of the Southern Pacific to the West—a narrow strip of sand, dotted with oil derricks, teeming with activity. Clamour of the drilling rigs, cutting into the oil sands three-quarter miles underground; and day long, night long, the sucking of the pumps retrieving a buried treasure. Great Imperial tankers come and go in the roadsteads to carry Peruvian Crude to Canada where, in the Empire's most modern refineries, it is processed into Marvelube, a better motor oil. Full-bodied, carbon-free and sulphur-free, Marvelube meets the exacting demands of the modern high speed motor in the air and on the highway. It is today the standard lubricant for high speed engines throughout Canada. There is a grade of Marvelube refined to meet exactly the specifications of your car, truck or tractor. Farmers have been known who sell all or nearly all their milk and cream to other people and let their own children go without. Ignorance and an improper sense of values, deprive those children of the best and cheapest food, food that cannot be replaced by the large helpings of pie or hash. Milk is not only a food in itself, but is also a "protective" food because when eaten in conjunction with deficient foods causes the latter to be more valuable, as well as warding off certain diseases and promoting both mental and physical stamina. Milk is a solid food, a growth producer. Clean wholesome milk is the greatest factor of safety in the human diet. Give your child a chance to grow, give him a quart of milk every day. The Week at Ottawa

(By Wm. Irvine, M.P.)

Parliamentary business is speeding up. A good deal was accomplished during the past week. An Act to amend the Special War Revenue Act; an Act to amend the Excise Act; an Act to amend the Customs Tariff; an Act to amend and consolidate the Opium and Narcotic Drug Act; an Act to amend the Fish Inspection Act; Acts to provide for further loan to the Harbor Commissioners of Montreal, Three Rivers, Vancouver, Chateaufort, and Halifax; an Act respecting the administration of justice in the Yukon Territory; an Act respecting Juven-

ile Delinquents, were among those matters which have either been moved forward a stage or two or passed the final reading in the last few days. If things continue to move at the same rate the Session will not go as far into June as was expected a few weeks ago.

Apparently the Government has made up its mind to get rid of the present Board of Grain Commissioners. It is understood that the Minister of Trade and Commerce is on the look-out for a suitable chairman. If the Government finds a new Board of

declares that a new Board will be appointed as soon as convenient, much discussion will be saved when the Agricultural Committee makes its final report on that matter.

The Committee on Privileges and Elections is still busy trying to make an Election Act which will compel us all to be honest at the next and subsequent elections. Many M.P.'s are inclined to be cynical on this matter. At any rate, the Committee is working diligently to make a real water-tight Act. I mentioned some of the suggested amendments in my last letter. The following are other suggestions, all of which have been accepted only tentatively by the Committee with a view to providing a basis for the redrafting of the Act.

The Committee has tentatively agreed to permit the hiring of cars for use on election day. On this point the consensus of opinion appeared to be that cars are hired now in spite of the law and that in view of that fact we should capitulate to circumstances and legalize the thing. It is very likely that the U.F.A. group will fight this suggestion when the bill comes before the House.

The Committee has also refused to consider the introduction of Proportional Representation in grouped constituencies and the single transferable vote in Single Member constituencies. As this system of voting has been endorsed by the United Farmers and Labor and as it is working satisfactorily in Provincial elections in Manitoba and Alberta, the groups mentioned will contend for its adoption. There is, however, little hope of Parliament accepting proportional representation at the present time.

The section of the Election Act which provided against organizations such as the U.F.A. and Labor from contributing to election funds except when incorporated for that purpose is to be stricken out. This was put into the Act with a view to putting a barrier before any organization other than the historic parties, we are glad to see it go by the board.

There has been a suggestion in the Committee that scrutineers at polls should be paid by the Government for their services. At the present time a political organization may pay a scrutineer, but if that is done the scrutineer is thereby deprived of his right to vote in that election. This is got over sometimes by hiring a scrutineer from a polling subdivision other than the one at which he is entitled to vote. As to whether or not this suggestion will carry is difficult to say. Other amendments, of a minor character, are up for consideration.

While writing, Hon. B. Bennett is opposing strongly a bill which provides that postal workers who were re-employed after the Winnipeg strike shall be paid for the services rendered by them on the same basis as others engaged in the same class of work as that performed by those so re-employed. This bill appears to be fair. Mr. Bennett, however, says in it a possibility of the very destruction of the State if we were to pay men for violating a sacred contract. Of course, as the bill proposes only to pay these men for work they have done, it is just possible that the State may survive. At the same time, it is just as well for the Hon. R. B. to keep his eye on the Postmaster General.

BREAKFAST HOT FOODS

The interested homemaker offers a varied breakfast to those who dine at her table. When the family tires of toast for breakfast-try hot breads. No sooner thought than done because they are easy to prepare. It does not take over ten minutes to assemble and mix the ingredients. Served with fruit and a hot drink, hot breads form a delightful meal.

For breakfast we usually choose a muffin, or a biscuit. There are some who think muffins are a trouble, while they really are the easiest of quick breads to make because it is speed in both preparation and mixing which should be mixed only until the last bit insures a good muffin. The ingredients of flour has disappeared. The batter may look lumpy, but do not beat out the lumps, because over-beating causes the muffin to be tough, to have holes running from the bottom to the top, and to have peaks. A good muffin has a rather rough, well browned crust and a slightly rounded top. The batter may be mixed the night before, put in the greased muffin tins, covered with waxed paper and put in the ice box, all ready for baking the next morning. This recipe for all bran muffins may be varied by the addition of chopped dates, figs, nuts or nuts. Muffins—2 tablespoons shortening,

Large Pimples Came Out on Her Back and Shoulders

Mrs. James Park, Moose Jaw, Sask., writes:—"Last summer my blood became very impure and large pimples came out on my back and shoulders. I tried all kinds of ointments, but to no avail. At last a friend advised me to get a bottle of

Burdock Blood Bitters.

which I did, and in the course of a month's time all the pimples had disappeared. Manufactured only by T. T. Milburn Co., Ltd., Toronto, Ont.

Good-Will Day

Good-will Day was observed in both the Alexandra and the King Edward Public schools, also in the Separate school, on Friday, May 17th. Mr. C. H. Russell gave an address in the King Edward school, which was greatly appreciated.

Peace Hill Chapter, I.O.O.F., donated 300 blotters to the pupils in Grades 4 to 8. On each blotter was printed the message broadcasted by the children of Wales, in 1928. The message read as follows:

"We, boys and girls from Wales, from our mountains and valleys, our villages and towns, greet with a cheer the boys and girls of every country under the sun.

"Our hearts are thrilled by the wonderful response to our yearly message and we cherish the many new links of friendship which we have formed.

"Will you, millions of you, join with us today in thinking with gratitude of those men and women of every race and people who are working so hard to build a finer, better world?

"Next year, in 1930, the League of Nations will celebrate its tenth birthday. Let us determine, here and now, to help it, with all our power, to go forward with its great task of peace on earth and good-will among men."

The local W.C.T.U. loaned copies of Peace songs, which the children sang to the tune of the National Anthem. The teachers explained to the pupils the origin of Good-will Day, which is in brief that May 18th is the anniversary of the opening of the first Hague Peace Conference in 1898, being attended by representatives of 26 states or nations. This was the first gathering of nations in time of peace, for the consideration of means of settling international disputes by peaceful methods, and thus marked an epoch in the relationship of nations. Very soon, civic and religious authorities began to celebrate May 18th, and urged its observance in schools and colleges.

The World Federation of Educational Associations urges the universal celebration of Good-will Day, in order that our children may be taught in the arts of Peace and Good-will. We might just here state that the message, broadcasted by the schools of Wales, was answered by schools in the following countries: Austria, Australia, Argentina, Brazil, Burma, Bulgaria, Bolivia, Canada, Costa Rica, Czechoslovakia, Denmark, England, France, Germany, Guatemala, Irish Free State, Nyaaland, Japan, Orange Free State, Peru, New Zealand, Roumania, Saar Basin (near Germany), Yugoslavia.

LACOMBE MEN COMMITTED ON ARSON CHARGE, STATES OIL SOAKED RAGS FOUND

Lacombe, May 17.—Henry Seby and John Payson were this morning remanded for trial on a charge of arson as a result of investigations conducted here following a fire in their place of business Wednesday. Seby, a newcomer in Lacombe, conducted a lunch room and novelty shop. At about four o'clock in the morning of May 8 a fire broke out in his premises. Owing to the wakefulness of the Chinese tailor having the adjoining rooms the alarm was sent in before the fire made much headway and the fire department had the fire under control in a few minutes.

Underwriter adjusters found that three separate and distinct blazes had been started, two downstairs in the store and one in an upper room. It was stated in evidence that oil-soaked rags were also found in various places throughout the building, witnesses said.

GOVERNMENT SURPLUS IN FISCAL YEAR IS \$1,578,000

Edmonton, May 17.—On general revenue account for the fiscal year ending March 31, 1929, the first year of operation under the new provincial fiscal policy, a surplus of \$1,578,000 has been achieved, according to an announcement made on Friday by Hon. R. G. Reid, provincial treasurer and minister of municipal affairs.

In making the announcement the minister said:

"On the general revenue account there is a surplus of \$1,578,000. The telephone surplus for the same period amounted to \$239,048.19, making a total surplus for the year of \$1,817,048.19. This amount is available and will be used for the reduction of public debt, in addition to the sinking fund provision which during the year under review amounted to \$501,604.02, partment, the surplus of course will be applied to the reduction of the debt of that utility; while in the case of the surplus on general revenue fund, it is applied towards the reduction of the debt of the province.

"It will be remembered that provision was made in the session of 1927 for annual subsidies to be paid to the telephone department over a period of ten years. Only two payments were made on this account in the years 1926 and 1927, so the favorable showing of the telephone department is not influenced by any payment of subsidy.

"While the showing of the year's operations must be extremely gratifying to the people of the province, it must be borne in mind that the estimates of the present fiscal year call for an expenditure in excess of the

actual expenditures of the year just closed amounting to \$1,379,040.84."

Commenting on the above statement, Premier J. E. Brownlie said:

"It is the opinion of the government that the improvement in financial conditions throughout the province during the past three or four years has finally reflected itself, during the past year, in its influence on public revenue and that the government cannot expect the same rate of increase during the next two or three years, but while looking forward to minor increases, we will have to consider the level reached last year as one that will approximately prevail for the next few years.

"It is a matter of gratification that this level is sufficiently high to take care of the increased expenditure announced at the last session of the legislature for the present fiscal year, resulting from new activities, such as old age pensions.

"While it will, no doubt, be a matter of satisfaction to the people of the province to know that the finances of the province are in such a healthy state, the government desires to emphasize the fact that the demands of a growing province with advancing ideas on social reforms, resulted in a programme of very considerable expenditure for the present year. Further, the best way to maintain a healthy level of taxation in the future is to keep our capital obligations as low as possible. The surplus last year will, of course, be applied to reduce capital debt and the task of government will continue to keep the level of expenditure as low as possible, having regard, of course to the needs of a rapidly growing and progressive province."

C.P.R. AGRICULTURAL AGENT SAYS CONDITIONS BACKWARD

Winnipeg, Man., May 20.—Wheat is practically all sown over the three prairie provinces, except in Southern Alberta where snow and rain have delayed operations, reports the general agricultural agent of the Canadian Pacific Railway, J. M. McKay. Coarse grain seeding has advanced, percentage completed being approximately 62 for oats and 48 for barley. There is, however, ample time for seeding these grains as weed growth is very backward and with facilities available and generally sufficient labor, this work can be completed in quick time. Climatic conditions in the west during the past week were more or less unsettled, with tendency towards fair and warmer weather at weekend and precipitation in form of snow and rain was received over the major portion of the prairie provinces, thermometer going down to eighteen and twenty at a number of points in Saskatchewan and Alberta. In some districts livestock is now able to find some green grass, but growth is still backward in the respect as well.

Manitoba reports all wheat seeding done except in isolated areas, growth because of cold weather has been slow and in cases where grain is above ground frosts have cut it down in many districts. This is not considered serious and warmer weather should revive it quickly. Moisture received was of great benefit to the soil as reserve is lacking. 64 per cent of oats are now planted, with barley approximately the same. Grass on pasture land is still very backward, and there is little feed for stock except sheep.

95 to 100 per cent of wheat has been sown in Saskatchewan, oats 67 and barley 56 per cent. Flax and rye have been sown in scattered areas. With good seed bed farmers are generally quite optimistic. Fall rye has not been coming along as well as expected and is looking a little patchy in some areas. Growth of grass is still somewhat backward.

Bad weather has delayed operations in Alberta, but wheat is practically all seeded in the central and northern sections of the country and 67 per cent in the south. Coarse grain sowing has proceeded slowly during the week and 55 per cent of oats is now sown, 30 per cent barley and some flax and rye. It is generally estimated that there will be an increase in wheat acreage this year of about 5 per cent and in oats and barley of about 10 per cent.

Owing to price of wheat, higher rates of insurance for hail and increasing weed menace there has been disposition to swing to coarse grain, which have been commanding good prices. Best seedling is completed and some growth in evidence, as everywhere, warm weather is required. Livestock generally is in fair condition, with prices remaining high except for horses. Some loss to lambing is reported due to cold weather. In Peace River country wheat seeding is completed and coarse grains about 75 per cent. Considerable wheat is well up, also some oats, germination being good.

Reports from British Columbia indicate good conditions.

NEW POOL ELEVATORS

Between March 22nd and May 6th this year the Alberta Wheat Pool has purchased 22 new elevators and has 41 new elevators under construction. The new elevators being built are 35,000 and 40,000 bushels capacity, and the majority of those purchased are of 30,000 bushels capacity. The addition of these houses brings the total elevators owned by the Alberta Pool to 381.

"The Tiger Trail" new serial starts in The Times next week.

ALL CANADA PHONE SYSTEM PROMOTED

Edmonton, May 15.—Planning an all-Canadian telephone line between east and west, which might be in operation this summer, prominent telephone company officials arrived in the city on Tuesday for a conference with the provincial government. In the party are H. L. Harris, executive vice-president of the Associated Telephone and Telegraph Company, Chicago; W. N. Curtis, vice-president and general sales manager of the Automatic Electric Company, Inc., Chicago, who are accompanied by G. E. Halse, chairman of the British Columbia Telephone Board.

On Wednesday visiting officials had a conference with Hon. V. W. Smith, minister of railways and telephones, and outlined the proposition. At present, Alberta and British Columbia are the only two provinces that have inter-provincial telephone service. Now it is planned to link up all the provinces, so that calls can be handled on all-Canadian line without having to utilize services in the United States. After leaving here, the officials will confer with the governments in Saskatchewan and Manitoba. Mr. Halse will go on to Ottawa, while the others will return to Chicago.

CANADIAN LEGION CONVENTION HELD AT CAMROSE LAST WEEK

With fifty-six delegates in attendance for the opening session Thursday morning of the fourth convention of the Canadian Legion, British Empire Service League, being held in the Elks hall, Camrose, the representatives of the local commands got down to business at ten o'clock. The convention was to have been officially opened by Lieutenant-Governor Egbert but rain prevented him from being present. As soon as President W. J. Hill of Edmonton, had called the session to order, Capt. Rev. W. H. Muncester, Edmonton, offered the invocation and Mayor H. P. Curtis tendered a welcome to the visiting delegates on behalf of the town of Camrose—Canadian.

BLOCKED FIRE DOOR BLAMED FOR DEATH OF 130 FROM GAS

Cleveland, May 18.—A faulty fire door was discovered in the Cleveland clinic X-ray room, the seat of the origin of the explosion that has resulted in 130 deaths.

The fire door was discovered by the city investigation commission early today.

Had the door worked, it would have shut off the room from the rest of the building and caused the deadly poison gas to be forced out to the street through a ventilator, Dr. H. L. Rockwood, health commissioner and head of the investigating commission, said.

The door is the only entrance to the X-ray room. It is large, thick, metallic. The door works automatically, the temperature of the room releasing a lever when it reaches a certain heat. The lever closes the door.

The lever worked when fire broke out in the room Wednesday. But a heavy metal pipe, carrying either gas or water, stood in the direct path of the lever. This prevented the door from closing more than halfway.

Lives of six Cleveland clinic physicians, all of them leaders in their fields, were claimed in yesterday's disaster.

Dr. C. E. Locke, brain specialist, led 14 patients and a nurse to the top floor of the building and fought off the noxious fumes. Firemen rescued him through a hole in the roof and he was revived, but the deadly gas ended his life.

HEAVY FLOW OF CRUDE OIL HIT AT WAINWRIGHT

Ten feet below where it brought in from 20,000,000 to 30,000,000 cubic feet of gas last October, Meridian No. 1 well, 45 miles east of Wainwright, has struck heavy crude oil at 1,327 feet in the Blairmore stratum, according to H. M. Miller, managing director of Ribstone Oils, Ltd., who returned from the field Monday morning.

"Heavy crude oil with a gravity of from 13 to 20 baume is standing 300 feet in the hole and after bailing for one hour twenty barrels were removed without lowering the level appreciably. This would yield about 500 barrels each 24 hours. The oil is clean and has no water," Mr. Miller said.—Calgary Herald.

LAPORTE QUIZZED ON BRONFMAN CASE

Ottawa, May 22.—William Irvine, U.F.A., Wetaskiwin, and John Evans, Progressive, Rosestown, directed the attention of the Minister of Justice, Hon. Ernest Lapointe, in the House of Commons, yesterday, to the fact that H. M. Miller, managing director of Ribstone Oils, Ltd., who returned from the field Monday morning.

Mr. Lapointe suggested that Mr. Irvine might allow his question to stand for answer today. Mr. Evans asked for action on a request he had made for the production of papers in connection with Harry Bronfman. He was told they would be brought down.

Opening instalment in The Times next week of the new serial, "The Tiger Trail."

McCormick-Deering News

"Good Equipment Makes a Good Farmer Better"

Published by N. OSWALD
Wetaskiwin Farm Equipment Man

Watch for the "News" each week. Suggestions and news items invited.
N. OSWALD, Editor.

There probably never will be legislation enacted restricting the use of cigarettes or tobacco until such use impels a man to deprive his children of the necessities of life and to beat his wife.

We have the best rod weeder on the market and that's no idle talk. Come in and look over the McCormick-Deering and make us prove it.

The wages of sin is death, plus whatever the story will bring in the newspapers.

The long curved shanks and slowly revolving rod travel along just under the surface and pull out every weed. Nothing can escape the McCormick-Deering rod weeder.

Where oh where! is the boy who offered to turn the ice cream freezer for an hour or so if permitted to lick the dasher?

Here it is—the new McCormick-Deering Manure Spreader, built from the ground up to meet the requirements of present-day agriculture.

The addition of chopped alfalfa hay and oilmeal to a ration of yellow corn and tankage for hogs increases the efficiency of the feeding.

The light-draft, easy-running McCormick-Deering Manure Spreader is fitted with roller bearings in the rear axle, upper and lower beater, and widespread spiral shaft.

Mother: "Now Harry, I've told you three times and I'll tell you again, that you can't have another piece of cake."

Son: "Aw heck—I don't see where Dad gets the idea that you are always changing your mind."

The new McCormick-Deering Manure Spreader is not a built-over model, but a distinctly new type—a machine embodying the highest principles of design, workmanship, and manufacturing skill.

BOWLING CLUB MOTORS
TO WETASKIWIN FOR
GAY CABARET DANCE

Forty members and friends of the Canadian National freight department bowling league motored to the Wetaskiwin cabaret on Friday evening. After a delightful banquet supervised by Mr. C. Smith, favors were distributed and the remainder of a very enjoyable evening was spent in dancing. Bulletin.

GRADS STILL SUPREME
IN GIRLS' BASKETBALL

Edmonton, May 21.—Percy Page's Commercial Grads made it two straight over the Chicago Brownies, when they took the long end of a 43-14 score in their international basketball game here Monday night. The Grads won the first game 33-11 and the series 70 to 25, for a margin of 61 points.

LADIES' BOWLING CLUB

A meeting of the Ladies' Bowling Club was held at the home of Mrs. D. Baker on Friday evening, when arrangements were made for the season's sport. Among the business transacted, the following officers were elected:

City of Wetaskiwin, May 14th, 1929.
J. E. FRASER,
Registrar of Electors.

The Wetaskiwin Co-operative Creamery Association

are now operating the plant of the
WETASKIWIN CREAMERY
and are paying *top market prices* for
cream and milk.

SHIP OR DELIVER your cream or milk
to the Dairymen's own plant where you will
get courteous service, fair dealing and all the
returns possible for your product.

CALL AT THE CREAMERY for informa-
tion as to the operation of the Association.

NO CONTRACT TO SIGN PROFITS to be DISTRIBUTED to ALL PRODUCERS

like to have as many of our members go as possible. This applies to all ladies, gentlemen and juniors. Please notify Mr. Frost as early as possible if you intend to go, so that the Camrose club may know how many to expect and make provision for.

**LOTS OF GAME HERE
BECAUSE SEASON CLOSED**

Evidences that hunters will have good sport this fall are to be seen in a drive within 50 miles of Edmonton. Every little body of water has its flocks of wild duck, mainly mallards, although lots of teal are also in evidence nesting, while at several places coveys of prairie chicken are to be seen. The ducks are tame and remain until approached within a few feet. The chickens are wilder and run at the sound of a motor. In the district west of Millet many game birds are to be found, the district not being heavily settled.—Bulletin.

Provincial Weekly News Bulletin

(Issued by Publicity Commissioner, Government of Alberta, Edmonton. More Highway Construction Undertaken)

Tenders have been called and will be opened on May 22, for the second lot of road grading contracts to be awarded in connection with the Alberta Government's 1929 program of highway construction and improvement. Included in the projects are a

25 mile section of the Edmonton-Evansburg road from Blueberry Corner to Soha Corner, 10 miles from the Edmonton-Calgary highway west to Sylvan Lake, 26 miles on the Pincher-Waterton Lake road and 12 miles from Irvine to the eastern boundary of the province. A further list of contracts is under preparation at the present time and announcement in this connection will be made shortly.

Attorney General to Represent Province Overseas

Alberta will be represented by the Attorney General, Hon. J. F. Lymburn, when two cases from this province are heard shortly by the Privy Council in London. In pleading each of these cases, Mr. Lymburn will be associated with special counsel.

Canadian agricultural and industrial life by two prominent Canadians were fittingly recognized at the recent convocation of the University of Alberta when the degree of LL.D. (honoris causa) was conferred on H. W. Wood, President of the United Farmers of Alberta and Chas. C. Cammell, Deputy Minister of Mines for the Federal Government. Mr. Wood has for many years been an outstanding figure in the development of agriculture and co-operation in Western Canada and Mr. Cammell has contributed greatly to the mining expansion which has taken place in the Dominion in recent years.

Pool Elevator System Growing

With the addition of 63 elevators either by construction or purchase to the number now in operation, the Alberta Wheat Pool has a total of 381 elevators throughout the province.

Alberta Land Attracts American Farmers

One of the outstanding features of the land sales made by the Canadian Pacific Railway land department this year is the large number of American farmers who are acquiring land in Alberta, states O. Kirkwood, superintendent of the branch. The increase in the number of farmers selling their holdings in the United States and taking up land in this province, according to Mr. Kirkwood, is beyond all expectations and before the settlement season of 1929, has closed, the influx of settlers from the United States will be greatly in excess of any previous year. The majority of these farmers, many of whom are well-to-do financially, are coming from the central mid-western states where exhibits of Alberta agricultural products have been widely shown during the past few years by the Publicity Branch of the Alberta Department of Agriculture.

Judicial Party to Visit Far North

Two Eskimos now being held at Aklayik on criminal charges are to be tried at this far northern point this summer before His Honor Judge Dabuc, stipendiary magistrate for the Northwest Territories. The appointment of E. C. Darling as Crown prosecutor and Joseph A. Clarke as defence counsel has been announced by the Minister of Justice. The party is expected to leave Edmonton about June 16, on the 2,000 mile trip into the far north.

British Boys for Alberta Farms

Having concluded their course of training at the provincial schools of agriculture at Oids and Vermilion, the first group of British boys who came forward under the arrangement between the Provincial Government and the Overseas Settlement Board have been placed in farm work throughout the surrounding districts. The second group of boys will have completed their course at the end of the present month and it is suggested that farmers wishing to secure farm help of this type, communicate with the principals of either of the above schools.

Northern Crop Conditions Promising
Crop conditions throughout the Peace River country are very promising at the present time and the season is somewhat more advanced than in more southerly sections of the province, according to Hon. Vernon W. Smith, Minister of Railways, who has returned from an inspection trip of the northern railway lines.

Keen Interest Shown in Turkey Raisins

Greatly increased interest in turkey raising as a profitable sideline to general farming operations is reported throughout the province. Still further expansion is anticipated judging from the number of inquiries received by the poultry branch of the Department

of Agriculture in various competitions in the campaign for the destruction of gophers, crows and magpies during the present season.

CHICKEN WITH FOUR LEGS IS HATCHED

A chicken with four legs has been hatched and is thriving along with the rest of the brood owned by H. Whitcombe, 216 Fourteenth avenue east, Calgary, according to a statement made to The Herald by Mr. Whitcombe on Wednesday morning.

\$55,000 DAMAGE ACTION DISMISSED

The action started by Reginald Herbert, Delburne farmer, against the Canadian National Railways, in which he asked damages amounting to \$55,000, was dismissed by Mr. Justice Tweedie in the supreme court Friday morning, each party agreeing to pay the costs.

NEW DENTAL LABORATORY

Further evidence that Red Deer is being looked upon as a coming centre is to be found in the establishing in this city recently of a dental laboratory in the Central Block by the Kronholm Dental Laboratory Co. of Calgary. The local branch opened for business on May 1, under the capable management of Mr. Wm. Parks, a dental mechanic of long experience. Mr. Kronholm, head of the new venture, is an especially skilled technician, and decided to open a laboratory at Red Deer because of demands made upon him by various dentists located along the C. & E. line, from Didsbury to Leduc, and on branch lines east of Lacombe and Wetaskiwin.—Red Deer Advocate.

Edison Marshall, the master of mystery stories, wrote "The Tiger Trail," which will be published in serial form in The Times, commencing next week.

Heart All Wrong Made Her Feel Very Miserable

One of the first danger signals announcing something wrong with the heart is the irregular beat or violent throb, and this should be attended to immediately before the trouble gets worse.

Mrs. W. G. Barton, Donville, Ont., writes:—"One spring I was very much run down and my nerves got very bad. My heart seemed all wrong in its beating, and I was feeling very miserable."

"One day I happened on a box of

and this one box did such wonders for me I took another. That was about seven years ago.

"If ever I am feeling that way again I will give these Pills another chance as I can rest confident they will build me up."

"I also am a firm believer in all your medicines just by what Heart and Nerve Pills did for me."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

the original corn flakes

Look for the red-and-green Kellogg package whenever you buy corn flakes. It means Kellogg's—the original Corn Flakes. The flakes with the flavor that can't be copied. The kind you'll surely prefer!

Kellogg's Corn Flakes are delicious for lunch and dinner as well as breakfast. Serve with milk or cream, and add fruits or honey. Give them to the children for supper. Insist on Kellogg's Corn Flakes. Always extra crisp and easy to digest.

Sold by all grocers. Served by hotels, cafeterias—on diners. Made by Kellogg in London, Ontario. Oven-fresh.

USES FOR WALLPAPER

I had an old chest, a disreputable looking affair, but some white paint and pictures cut from nursery wallpaper, and pasted onto the drawers transformed it into a very respectable piece of furniture. Immediately after pasting the pictures on, one must

brush over the tops with a little clear varnish in order to keep the edges from curling. Besides the application of the varnish produces the effect of a painted design.

I found wallpaper quite useful again when I wished to cover the plain doors of an old colonial mantel clock. For this I secured an old-fashioned type of paper and cut out a square containing an old ship for the top glass. Then for the lower one, I cut a square from the leaf and branch design accompanying the ship. In the centre of this I cut out a circle which allows one to see the pendulum swing back and forth.—M.L.

For the nature lesson the teacher brought in a glass bowl containing a goldfish. This she placed in a prominent position on her table.

"Now," she began, turning to the class, "can anyone tell me what a goldfish is?"

There was no immediate reply. After a pause, however, a little girl put up her hand.

"I know, teacher," she said brightly, "it's a minnow that's got very rich."

MILLET LOCAL NEWS

Mr. and Mrs. Parfitt were guests of Mrs. Wolf on Saturday last.

Mr. and Mrs. John Edler and family have recently moved to Leduc.

Mrs. Kerr, mother of Mr. K. Kerr, of town, is visiting at her home.

Mr. and Mrs. J. West motored to the home of Mr. and Mrs. Parfitt on Sunday.

Miss Madgo Plant made a short visit to Kavanagh during the past week.

Miss Marion Graham and Miss E. Christie were visitors in town over the weekend.

Mr. and Mrs. Grant Wolf are visiting with Mr. and Mrs. Ira Benham at Sunnybrook.

Mrs. Chas. Brinker and Little Helen spent the past week at Winfield, the guests of Mr. and Mrs. Mike Taylor.

Mrs. L. R. Macdonald and Master Allison, who have been visiting at Carleton Place, returned home on Friday evening last.

Mr. Roseberg celebrated his 73rd birthday on Monday, May 13th. On this date his birthday cake arrived from Pennsylvania.

Rev. L. R. Macdonald, pastor of Millet United Church, is in Calgary this week in attendance at the conference of the United Church.

Mr. and Mrs. H. Moffett, formerly of Millet, were visitors in town for a short time last week, en route to Edmonton from Calgary.

Mr. and Mrs. W. H. Sterne of Edmonton, en route to the conference of the United Church, were visitors in town on Tuesday morning.

Mrs. Aikens left on Monday for Calgary, where she will attend the Conference of the United Church in session there during this week.

Messrs. Ed. Kinchella, H. Scott, J. F. Maine and G. Pettigrew, motored to Calgary on Tuesday, where they expect to work for the summer.

Evening services in the Millet United Church will be withdrawn on June 2nd, this being the date of the consecration of the new Anglican church.

Mr. and Mrs. Elliott, with their daughter Vida and son Crawford, lately come from England, are in residence at the home formerly occupied by Mr. and Mrs. John Edler.

Mrs. McCracken and Mrs. London of Calgary, who had been attending the Musical Festival in Edmonton during the past week, were guests of Mrs. A. Dowler on Saturday.

***The ladies of the United Church are holding a sale of home cooking and serving afternoon tea at the home of Mrs. J. O. Anderson on Saturday afternoon, June 1st, opening at 2 o'clock. You are cordially invited to come.

Messrs. B. D. Howatt, W. Pratt and H. C. Cooke of the Hospital Board, Wetaskiwin, were in town on Monday evening and discussed with the members of the Council the plans for building a Municipal Hospital. It was decided to place the matter before the ratepayers at a meeting on Monday evening.

Rheumatism

Minard's is the enemy of all rheumatic troubles. Rub it in thoroughly and often.

It eases the pain, supplies the joints, puts new life into the tissues.

Rub it in

Acidity

The common cause of digestive difficulties is excess acid. Soda cannot alter this condition, and it burns the stomach. Something that will neutralize the acidity is the sensible thing to take. That is why physicians take the public to use Phillips Milk of Magnesia.

One spoonful of this delicious preparation can neutralize many times its volume in acid. It acts instantly; relief is quick, and very apparent. All gas is expelled; all sourness is soon gone; the whole system is sweetened. Do try this perfect anti-acid, and remember it is just as good for children, too, and pleasant for them to take.

Any druggist has the genuine, prescription product.

PHILLIPS Milk of Magnesia

WOMEN'S INSTITUTE NEWS

The May meeting of the Millet W.I. was held at the home of Mrs. Cohen, 19 members being present. The roll call was answered by useful hints on gardening. Plans for the bazaar were discussed, following which a lively discussion took place on the upkeep of the hall.

After singing "God Save the King," Mrs. Cohen, assisted by Mrs. Anderson, served lunch. The next meeting will be held at the home of Mrs. Anderson.

The W.I. bazaar was held on May 11th, and was a decided success.

MEETING OF RATEPAYERS

There will be a meeting of the ratepayers of Millet on Monday evening, at 8 o'clock, in the Community hall, to hear the plans discussed with reference to the Municipal Hospital scheme now under consideration. Representatives from Wetaskiwin Hospital Board will be present and will address the meeting. It is hoped there will be a good attendance, as the matter is one of great importance.

ANGLICAN CHURCH

The new Anglican church will be consecrated and opened on June 2nd by the Bishop of Edmonton, who will also conduct the following services: 10 a.m.—Opening service, followed by Holy Communion. 3 p.m.—Children's service. 7:30 p.m.—Service. A luncheon will be served in the Community hall at 1 p.m.

"Now, students," said the professor explaining a problem in mathematics, "just watch the board while I go through it."

Suffered for Months with Severe Pains in Her Back

On the first sign of any weakness or pain in the back Doan's Kidney Pills should be taken. They are a remedy for the kidneys only and make right for the seat of the trouble.

Mrs. Lawrence Proulx, Galesburg, Ont., writes:—"I suffered for many months with severe pains in my back. I could not rest day or night, and I had no ambition to do anything. 'One day I saw where you advertised Doan's Kidney Pills for pains in the back and I lost no time in buying a box. I have taken three boxes and found that they did me a wonderful amount of good by giving relief right away.'"

Price 50c. a box at all druggists or dealers, or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

HILLSIDE

Mrs. Crux, a former missionary of Japan, will take the service in the school house on Sunday afternoon. We understand that Mrs. Crux has many curios and promises to interest even the youngest child. We hope that Hillside will turn out in numbers next Sunday to hear this address.

Miss Foster hopes to resume her duties as teacher next week.

James Ambrose and Charles Robinson were elected delegates from the Junior U.P.A. to attend the young people's conference in June.

OPENING CANNED FOOD

There's an art in opening a glass jar. Few women realize just why they find so many lids bent and marred and why there are so many little nicks in the top of the glass jar when canning time comes.

If we just realize, when hurriedly opening a jar that there are certain precautions to be observed, it will save us much trouble from spoilage.

Since the jar rubbers should never be used the second time it is easiest to break the seal by pulling the rubber from between the lid and shoulder of the jar. Inserting the jar in warm water up to the shoulder softens the jar ring and releases it more easily. If a knife is used it should be placed between the rubber and glass shoulder. This prevents injuring the zinc lid in any way.—M.N.

It was a rainy day and Cora Ann, spying her grandfather looking about the house, decided to ask him some questions. So, going up to him, she inquired: "Granddaddy, why does corn pop?"

"Well, you see, replied granddaddy, the starch polygons are of such a nature as to facilitate expansion and render it explosive in character; there is a fracture of a particle along its two radii, the endospasm swelling very considerably, the peripheral portions cohering with the hull, but the fractured quarters turning back to meet below the embryo—why, my dear, where are you going?"

"Oh, I can't wait—I must go and tell little sister."

"The Tiger Trail" new serial starts in The Times next week.

Rev. L. R. Macdonald, Minister.

In Five MILLION HOMES TONIGHT

There are times when all a mother's love can't soothe a fretful baby. No way of telling just what's wrong, yet something must be done. Castoria time! A few drops, and Baby has dropped off to sleep. Yet this marvelous means of quelling a restless infant is utterly harmless. There is not one ingredient but what all doctors know and approve, and would let you give your baby every day in the week. In fact Castoria is a purely vegetable product. Gas pains, constipation, even diarrhea can be dispelled in this same manner. Castoria is older than you are, but physicians still say "nothing better for babies." An old-fashioned remedy if you count its years, but parents are old-fashioned who still raise babies without it! And at least five million modern mothers keep it handy day and night, for twenty-five million babies were brought last year! Buy yours now; don't wait until you need it.

Children Cry for CASTORIA

"And what is your father's occupation?" asked the headmaster of the school.

"I—can't tell you!" said Tommy.

"But you must tell me."

"Oh, please, father wouldn't like me to."

"But I must know. It's a question I ask of every child."

"Well, he's—he's a bearded lady in a circus!"

An old lady, ninety years of age, living at Bournemouth, England, has learned to drive an automobile. She learned in thirty minutes, and says that she is not the least bit nervous. She solemnly promised not to exceed the speed limit.

"I tell you," said Pat, "the old friends are the best after all, and, what's more, I can prove it."

"How are you going to prove it?"

"Where will you find a new friend that has shined by ye as long as the old ones have?"

In Appearance-In Performance In Luxury and in Value

Nowhere can you find its equal

MAKE the test that thousands have already made! Drive this great 1929 McLaughlin-Buick—uphill, down a hill, in traffic or on the straightaway! Compare it with any other car in the world... for performance, for comfort, for beauty! The results will prove to you... as they have to those other thousands... that there is literally no other car like McLaughlin-Buick. For no other car, at any price, can give you the astonishing combination of quality features offered by the 1929 McLaughlin-Buick such as Valve-in-head engine, triple sealed... exclusive system of synchronized springs and Lovejoy Shock Absorbers... torque-tube drive... sealed chassis. That is why McLaughlin-Buick sales are more than double those of the closest competitor, at or above its price. Come in! See and drive this car which has revolutionized performance and beauty standards.

BORN
ROGERS—in the Wetaskiwin hospital, on the 19th inst. to Mr. and Mrs. Wm. Rogers of Millet, a son (still-born).

Adventure, excitement, thrills and romance in the new serial, "The Tiger Trail," commencing in "The Times" next week.

MANY DEGREES ARE GIVEN AT CONVOCATION

University of Alberta, May 16.—Called for the nineteenth time in the history of the province, the convocation of the University of Alberta assembled in historic Convocation Hall, Wednesday afternoon. Dignitaries of church and state united with the senate, governors and faculty of the university to make one of the most notable assemblages ever gathered in Alberta.

More than two hundred degrees and diplomas were granted in every branch of learning. Notables among them were two doctorates of law granted to Henry Wise Wood, president of the United Farmers of Alberta, Charles Cammell, deputy minister of mines.

Convocation had not only the purpose of granting degrees but also of celebrating the twenty-first anniversary of the university. A very happy feature of the function was the presence of Alberta's first president, Dr. H. M. Tory, M.A., D.Sc., L.L.D., who delivered the convocation address.

Mr. Chas. Stady entertained a few friends on Sunday. Those present report a very enjoyable time.

Our local baseball team, "cleaned up" on Breton nine recently.

Mrs. Taylor, our local teacher, entertained in honor of her cousin, Mrs. C. W. Brinker of Millet, at tea on Friday afternoon. Among those present were Mrs. Stady, Mrs. L. O. Gibbons, Mrs. Roy Gibbons, Mrs. Tait, Mrs. Carter, Mrs. Ayres, Mrs. Smith and Miss M. Ginter.

Mrs. Francis has been ill recently, being now on the road to recovery. A livery between Wetaskiwin and Winfield is a great convenience to us. Mr. Wm. Gibbons conducts this.
